

WILSON TO TWIN U. S. SHIP BILL WITH DEFENCE

Democrats Dismayed by
Fresh Efforts for Purchase Act.

M'ADOO TO PROD CONGRESS MEMBERS

Navy's Needs in War Adminis-
tration Weapon—New Measure
To Be Like the Last.

(From The Tribune Bureau)

Washington, Oct. 8.—Secretary Daniels said to-day that he favored proposals made by naval engineers to erect an armor plate factory. He believes the government would save several million dollars annually by making its own armor plate, and he may include a provision for such a plant in his annual estimates.

The estimated cost approximates \$5,000,000, of which about \$2,000,000 would be needed the first year.

FILM FIRM FILES PETITION

Vanoscope Company Has Liabilities of \$1,067,861; Assets Unknown.

The Vanoscope Company, manufacturers and developers of colored motion pictures, yesterday filed a voluntary petition in bankruptcy in the United States District Court. The company's liabilities were given as \$1,067,861, which amount includes a sum for \$1,000,000 brought by Joseph E. Morhardt, one of the principal creditors. He also has a branch of contract.

The company's assets were not given in the petition, but they are known to consist of patents, copyrights, trade marks and models of motion picture machines, of unknown value. The petition was signed by John E. Harper, president of the corporation, and was filed by its attorneys, Olofson, Benyon & McManus. William L. Robinson, who also signed, had been ousted from the presidency of the company last spring, obtained a judgment for \$189,752 against it, but this was not mentioned in the petition.

SOCER STARS WITH ALLIES

Columbia Men in Flanders and Turkey

—Two Teachers in War.

Word came to Columbia yesterday from two former soccer stars from widely separated fields of the war. From England came a letter from W. W. Colquhoun, captain of the eleven years ago, saying he was off for the front in France for the third time, this time as captain. From the Danes came a letter from John Marquard, who played on the soccer team last spring. Both men have seen hard fighting, and Colquhoun has been wounded twice.

Advocates Training in Schools.

"I believe in military training, but not in militarism," the Senator asserted. "It is not militarism to have the children march in the schools; it is not militarism to train students in the use of arms. I believe that the institution of learning the duties part of the support from the government should be a military training to the students. The training is fine physical exercise in itself. I do not believe that one student in 500 trained at the Oregon Agricultural College, which is the Oregon institution receiving Federal aid, ever tried for an appointment in the army, and yet those students know how to drill and to handle a gun."

Colquhoun was graduated from the schools of engineering a year ago, and immediately went abroad to visit relatives in Scotland. He was there when the war broke out, and enlisted with the Highland Light Infantry, being assigned to the 42d Highlanders, known as the Black Watch. He has been wounded twice. Although born in this country, Colquhoun's parents are Scotch, and part of his childhood was spent in Scotland.

Other members of the Columbia teaching force on the front are Professor Henri Muller, of the French department, and Dino Bigongiari, an instructor in Italian.

FIFTH AVE. AUTO TRAP GETS FOUR SPEEDERS

Banker and Movie Official Are Caught in Police Ambush.

An auto trap on Fifth Avenue, with Motorcycle Patrolman Frank Rickett in charge, last night captured, going faster than twenty miles an hour, within twenty-five minutes, last night.

The first summons was served to Benjamin S. Guinness, a banker, of 8 Washington Square, who is a member of the firm of Leidenburgh, Thalman & Co. His machine was speeded along Fifth Avenue, between Sixteenth and Eighteenth streets, at a rate of twenty-seven miles an hour, the patrolman said.

Charles Reitenback, of Forest Hills, Long Island, was the next to be handed his passport for the Jefferson Market Court next Monday morning, charged to Theodore Hettler, of 127 Madison Drive, vice-president of the Fifth Avenue Bank. He was making thirty miles, according to Rickett. Mrs. Hettler was in the car at the time.

Raymond Smallwood, of 378 Central Park West, vice-president of the Smallwood Moving Picture Company, and Edward Martin, of 334 East Seventeenth Street, Brooklyn, were also caught in the snare.

**ONE MINUTE.
PLEASE!**

Mayor Mitchel is expected to be one of the ten thousand guests at Thomas Jefferson Playground, 112th Street and East River, Tuesday, when children will celebrate Columbus Day with music, dancing, tableau and games.

Ex-President Taft will make an address to-morrow morning in the Mount Morris Baptist Church, Fifth Avenue and 126th Street, on the proposal of the League to Enforce Peace. He is to be the first of a number of peace speakers at the church.

The condition of Clara Morris, the actress, who has been ill at her home in Whitestone, Long Island, was greatly improved when she learned that her brother-in-law had left her the income on \$50,000. She is now expected to recover.

Reports from Europe show that aero-planes frequently lose their eyesight because of improper goggles, and the department is concerned also with remedying this.

Experiments in bombs dropping from seaplanes from an altitude of 3,500 feet have been successfully carried out by navy aviators of the Florida coast.

The machine used was piloted by Lieutenant P. N. L. Bellinger, with Lieutenant W. Caperton acting as observer and bomb thrower.

**REORGANIZED ARMY
AIM OF GARRISON**

President Approves Secretary's Estimates.

(From The Tribune Bureau)

Washington, Oct. 8.—President Wilson has approved Secretary Garrison's estimates for army appropriations. While no announcement of his plans for the coming year has been made, it is understood that the Secretary contemplated reorganization of the army, with a general view to making it more elastic.

The administration opposes any large increase in the standing army, though it is believed at least 25,000 additional men will be asked for. Steps also will be taken to increase the annual supply of officers. It is understood that the estimates call for a total appropriation of less than \$150,000,000.

Secretary Garrison's chief recommendation will concern the reserve. He has evolved a plan by which he believes the forces of the United States immediately available can be more than doubled.

An extensive reorganization of the militia system is understood to be part of the Secretary's recommendations. An effort will be made to centralize the control of the organized militia in Washington.

The Pictsburgh experiment has convinced the Secretary that short annual training periods for civilians can be depended on to augment the reserve, and he will recommend an extension of the movement.
